

## 2022 MARC ELRICH PAID INTERNSHIP PROGRAM

### Program Description

The Marc Elrich for County Executive campaign is seeking interns interested in learning about the inner workings of a grassroots campaign through our unique PAID internship program. Interns will learn about and perform various everyday responsibilities of successful campaigns, including voter contact, volunteer recruitment and management, event staffing, data management, political planning, communications, and campaign research. They will also receive training on how to construct a field program and will have opportunities to take on increased responsibility as the campaign progresses. The program will also include an educational component in which experts will speak with interns about various policy and political topics. Open to current college students and recent grads.

Interviews will be scheduled on a rolling basis and the internship will run through June 30, 2022 with the possibility to extend into the Fall.

### About Marc

Marc is a former teacher (17 years), a former at-large County Councilmember (12 years) and the current County Executive. Since his victory in 2018, Marc has made progress in supporting our schools, addressing climate change, increasing transit, improving the business climate and maintaining and improving our quality of life. And, he has done all of that with an equity lens. During the pandemic, Marc put the public's safety first and science at the center of all the policies, helping get Montgomery County to the highest vaccination rate in the country for large jurisdictions - and he has made sure that testing and vaccinations are distributed equitably throughout the pandemic. To learn more about Marc, please visit [www.marcelrich.org](http://www.marcelrich.org).

The Marc Elrich for County Executive campaign is an equal opportunity employer. The campaign is committed to including groups historically underrepresented due to race/ethnicity, religion, age, gender identity, sexual orientation, and/or ability. We strongly encourage members of underrepresented and marginalized communities to apply.

### Expectations and Compensation

*Time Commitment:* Paid interns will be expected to work 10-25 hours per week depending on interest and availability (details will be finalized after a group of interns is selected).

*Compensation:* Interns will start at \$16 per hour. Benefits are not included.

Successful campaigns are disciplined and accountable, and all participants will be expected to behave professionally throughout this program. Interns are expected to show up to shifts on time and with a positive attitude and to be focused on assigned campaign priorities during their shifts. Interns will also be expected to attend weekly staff meetings, and a willingness to work on weekends is required.

Access to a vehicle is a plus but not a requirement (campaign headquarters are located in Rockville near the Twinbrook Metro Station). Paid interns will be expected to sign confidentiality and non-compete form; work for other campaigns through 2022 will require written consent of the campaign.

Paid interns are *not* expected to volunteer for additional hours when their assigned paid hours are complete.

**To Apply:**

1. Please fill out the internship application through this Google form:  
<https://forms.gle/tcyXy6he83BKetei8>
2. Email your resume to [info@marcelrich.org](mailto:info@marcelrich.org)
